[REDACTED] both Operations officers in the Far East Division, indicate that the course is very worthwhile. Their comments are as follows:

"The course was attended by State, USIA, DIA, and CIA employees. Arranged by Dr. Hattie Colton of the FSI, we believe the program was extremely well organized and presented. Outstanding U. S. scholars and important U. S. Government figures spoke and conducted sessions of the seminar. To us, the most outstanding scholars were Dr. Ezra Vogel, Harvard, and Dr. Ralph L. Powell, American University. We are novices in the world of China and Chinese Communism, and to us the program was extremely enlightening, informative, and stimulating. It is difficult to say how it could be improved upon other than to say that as far as we are concerned it could have lasted another week or two, provided speakers of the same caliber had been available from whom we could have learned more, and provided we could have been allowed to continue attending the seminars for a longer period. We recommend that CIA continue to participate in the FSI Program on Com-China."

3. Special Training Requirement

To accommodate a high priority training requirement for the Clandestine Services (approximately 50 military detailees plus [REDACTED] and [REDACTED] the Management faculty may be required in mid-April to give up its classroom space in the Magazine Building for approximately three months. The nine management courses scheduled for this period will have to be moved to alternate sites - [REDACTED] 1000 Glebe, or Headquarters.
